

FOR IMMEDIATE RELEASE

TINTON FALLS SENIOR LIVING COMMUNITY COMPLETES MILLION-DOLLAR RENOVATION

For more pictures of the newly renovated Atria Tinton Falls, visit [the online gallery](#).

Tinton Falls, N.J. (October 7, 2024) — [Atria Tinton Falls](#), an independent, assisted living, and memory care community, has completed a renovation project for capital upgrades in design and enhanced amenities. The public is invited to come see the enhancements during a grand opening celebration on Thursday, October 10. A ribbon-cutting ceremony will take place at 4 p.m. with refreshments, live entertainment and community tours continuing until 6 p.m.

The renovation focused on improvements to amenity spaces, all geared toward fostering the social connections that help older adults live life to the fullest. Updates to the common areas include flooring, paint, lighting, furniture and cabinetry, creating more inviting spaces for Atria Tinton Falls' culinary and Engage Life® programs. Engage Life is Atria's trademark senior living events program for residents to express themselves creatively, learn new hobbies, connect with nature, bond with others, have fun, and stay fit.

“For us, this renovation created new and enhanced ways for our residents to stay active, build new friendships and enjoy what inspires them,” said Diane Gausepohl-Karpus, Executive Director at Atria Tinton Falls. “We know that living in a vibrant, social community like ours translates to greater well-being in older adults.”

Atria Tinton Falls is located in a wooded borough less than six miles from the Jersey Shore and offers private apartments and communal spaces for dining and social engagement. Amenities include a dining room, media room, multipurpose room for programming and wellness, salon, lounge, library, all updated as part of the renovations.

With independent living, supportive living and memory care services, residents have 24/7 access to onsite care staff should their needs evolve. Residents in the community’s Life Guidance® memory care neighborhood with specially trained staff, thoughtfully designed spaces and daily opportunities for engagement.

Older adults living at senior living communities like Atria Tinton Falls are shown to be less vulnerable to declining health outcomes, as found in a 2023 study from NORC at the University of Chicago. The study highlights how social engagement, nutrition, access to fitness and other amenities are important factors for health outcomes of seniors.

“Atria is dedicated to providing residents with exceptional care and amenities in a social setting that fosters meaningful connections and experiences,” said Brian McGuire, Senior Vice President. “The renovation of Atria Tinton Falls is part of our ongoing commitment to support older adults through a variety of opportunities to be active, set goals, and live purposeful lives.”
